Dear Friends and Colleagues,

We are delighted to invite you to the 4th International Workshop of the Israeli Institute of Group Analysis:
"ROOTS AND WINGS IN THE GROUP" www.iiga2019.weebly.com

In this Spring Workshop we wish to continue in the spirit and tradition of previous Workshops - to connect with our roots, while striving to innovate and spread new wings. Goethe wrote: "There are only two lasting bequests we can hope to give our children. One of these is roots, and the other is wings".

'Roots and Wings' represent for us the group's movement from the past to the present and into the future; from personal biography to a group and social history; from cherishing tradition to having the freedom to develop, create and change.

This year the International Workshop will be held at the Yearim hotel, near Jerusalem, on April 4-6, 2019. In addition, you are welcome to attend the Pre- Workshop that will take place on Wednesday, April 3, 2019 which will focus on different aspects of the Israeli society.

The Yearim Hotel lies atop one of the highest peaks in the Jerusalem hills, fully immersed in nature's charms. It is an area infused with the roots of various religions and cultures and provides an unrivaled atmosphere of intimacy, peace and relaxation. We hope that the beautiful environment will allow meaningful group work.

Our keynote speakers will be Prof. Rachel Elior (Israel), Dr. Catherine Mela (Greece), Dr. Yvonne Brandl (Germany), Dr. Avi Berman (Israel) and Mrs. Sharon Sagi Berg (Israel).

The participants will have the opportunity to explore the theme of the Workshop "Roots and Wings" in the small group, conducted by Group Analysts from Denmark, England, Germany, Norway, Ukraine and Israel.

We will experience the fascination of participating in the large group that will be conducted by Prof. Dr. Jutta Menschik-Bendele (Austria) and Mrs. Marit Joffe Milstein (Israel).

Unique groups in the early morning and night, as well as the parallel lectures and the workshops will all enrich our experience and understanding; being part of a setting carefully designed to facilitate development and to satisfy our curiosity and passion for groups.

Participants will have opportunities to tour the area, attend many informal social gatherings and enjoy the final party.
